

ENVIRONMENTAL POLICY STATEMENT

The objective of Promec Engineering Limited is to ensure any activities we conduct do not adversely impact on the environment, by working with our customers, suppliers and subcontractors in open and mutual collaboration. We are committed to:

- The prevention of pollution and contamination, by monitoring and reducing any adverse impact of the company's activities on the environment and local community and ensuring effective management of our environmental impacts.
- Demonstrating efficiency in the use of energy, water and materials and taking appropriate opportunities to minimise waste, re-use and recycle wherever possible by following the Waste Hierarchy of Controls to minimise emissions and reduce waste.
- Compliance with all applicable environmental legislation, BS-EN ISO 14001:2004 and any other standards and codes of practice applicable to the industry sectors we operate in, and ensure we keep up to date with any amendments to these directives.
- Providing training and/or awareness to employees, suppliers and subcontractors to enhance awareness of applicable environmental issues to ensure they understand how to act in accordance with our environmental policy and applicable environmental regulations and standards.
- Collaborating with employees, suppliers, subcontractors, customers, appropriate authorities, local communities and other organisations to identify environmental issues and seek solutions and alternatives.
- Ensuring all activities are managed professionally in a way which incorporates assessment of environmental aspects and impacts and takes appropriate action to keep any adverse impacts to a minimum.
- All environmental incidents being fully investigated to ensure the root causes are identified, and correction, corrective and preventive action is taken.
- Aiming to continually improve our performance by producing an annual action plan detailing specific environmental objectives and targets which will be regularly monitored and reported in our Management Review meetings where the ongoing suitability of this Environmental Policy is reviewed.
- Actively involve all interested parties in promoting and improving our environmental performance.

This policy is made available to all interested parties and the public, it's also available on our website and issued and explained to all employees upon commencement of work with the company and a copy is prominently displayed in the Head Office. Any revisions will be incorporated when necessary and will be brought to the attention of all applicable employees and interested parties.

Richard Johns
Managing Director
